EDUCATION

Master of Computer Science (Pursuing)

Banaras Hindu University, Varanasi, UP

10/2023 - 04/2025

Current Percentage: 81%

Bachelor of Computer Science

Holkar Science College, Indore, MP

12/2020 - 06/2023

Percentage: 62%

Higher Secondary Education

B C M Higher Secondary School, Dewas, MP

07/2019 - 07/2020

Percentage: 71.80

PROJECTS

1. Spotify Clone

- **Technologies** : HTML, CSS, JavaScript **Description** : Developed a functional clone of Spotify, featuring a dynamic and responsive UI with music playback functionality. Integrated media controls, playlists, and user interface elements that closely resemble the original Spotify platform. **Key Features** : Implemented media player controls (play, pause, skip, etc.) using JavaScript. Designed a responsive layout that adapts to different screen sizes. Utilized CSS animations to enhance user interactions.

2. Razorpay Clone

- **Technologies**: HTML, CSS, Tailwind CSS, JavaScript
- **Description**: Created a clone of the Razorpay payment gateway interface, focusing on modern design principles and responsive layouts. The project highlights the integration of Tailwind CSS for rapid UI development and consistency across different screen sizes. **Key Features**: Employed Tailwind CSS for streamlined and responsive design. Built interactive form elements with validation using JavaScript. Created a visually appealing and user-friendly payment interface.

SKILLS

Professional Skills: Leadership Skills • Time Management • Critical Thinking • Organizational Skills • Interpersonal Skills • Presentation Skills • Teamwork and Collaboration • Written and Verbal Communication • Problem Solving • Attention to Detail

Languages: C • Java • JavaScript • SQL

Web Development: HTML • CSS • Tailwind • JavaScript • React.js

Developer Tools: Git • GitHub • ChatGPT • Codium.

ACHIEVEMENTS

LeetCode Streak

Maintained a streak and solving daily problems on LeetCode, showcasing consistent problem-solving skills and dedication to improving algorithmic thinking.

HackerRank

Achieved a 5-star rating on HackerRank, demonstrating strong coding abilities across multiple domains. Solved numerous challenges, deep understanding of various programming concepts.

Competitive Exam Participation

Achievement Name

Regularly appeared in many competitive exams, gaining exposure to diverse problem sets and enhancing analytical and time management skills.

CERTIFICATES

NPTEL(Cloud Computing) (01/2024 - 03/2024)

Completed a comprehensive course on Cloud Computing, covering cloud architecture, services, and deployment models. Gained practical knowledge in cloud platforms and infrastructure management.

LANGUAGES

English: Fluent
Native or Bilingual Proficiency

Hindi: Native proficiency
Full Professional Proficiency

INTERESTS
